- Compatible with FC2018-2-AQ and FC2018-1-AQ cartridges

**OPTIONAL TAP
OR PURE
WATER**

FH2018-2-AQ : UF Membrane

FH2018-1-AQ : Carbon

PRODUCT APPLICATIONS

1. Domestic installation
2. For drinking and cooking
3. Compact and apartment size
4. Elegant filter design
5. User firendly

Max. protection
for home
appliances

Improves
taste of
water

Doesn't require
any tools
for installation

PRODUCT PACKAGING

Set includes

1. Faucet water filter
 2. Replacement cartridge
 3. 10 diverter adapter options to fit all standard faucets
 4. Color box
- H770 x L297 x W209 mm

10 ADAPTERS + REPLACEMENT CARTRIDGE

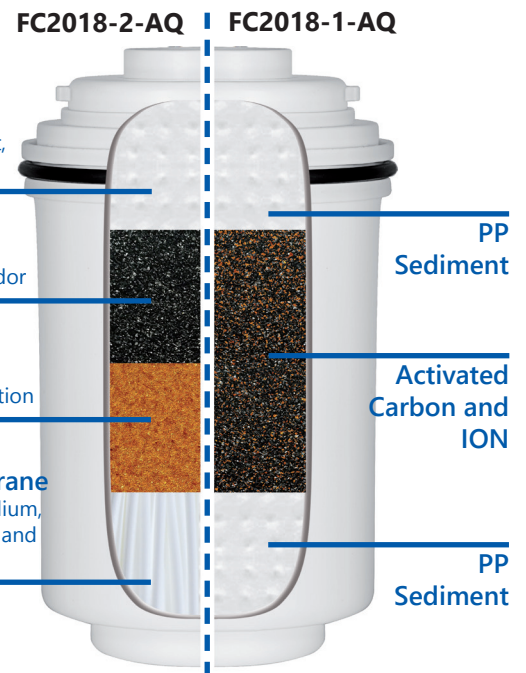

PRODUCT SPECIFICATIONS

Product Name: Faucet Water Filter
Product Model: FH2018-1-AQ/ FH2018-2-AQ
Product Size: 172 x 8 x 68 mm

Product Name: Replacement Cartridge
Product Model: FC2018-1-AQ/ FC2018-2-AQ
Product size: 60 x 105 x 63 mm

Water Source: City water
Filtration Precision: 0.01 micron
Filtration methods: Physical filtration
Suitable Ambient: 5 ~ 40°C
Suitable pressure: 0.1-0.4MPA
Suitable temperature: 5 ~ 45°C
Pure Water Flow: 1.5-2.SL/min

ACCESSORIES

10 Universal Adapters

Faucet Filter Box

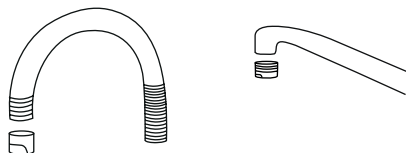

Replacement Cartridge

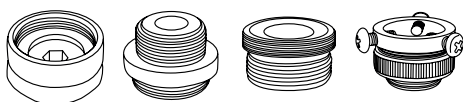

PRODUCT INSTALLATION

This filter is equipped with 10 thread connectors, 5 internal thread connectors, 3 external thread connectors, 1 metal conversion connector and 1 universal conversion connector. Determine adapter needed, find corrected adapter attached and screw it to the faucet.

1. Unscrew the faucet aerators and take out the gasket.

2. Put the gasket into the groove connector and rotate the connector to the tap. If all above conversion connector don't match the tap, can use the universal conversion connector to install.

Before first use, turn faucet filter to filtration setting and flush filter. There may be a small amount of black residue in water when the faucet filter is set to the filtration setting. Continue to flush, the filter is ready for.
